

Bancroft Case Studies.

The Bancroft family is one of the most famous families from Deception Bay. There are three members that have given so much to their community and to the world through their research and experiments. Below details these three people with links to online biographies as well as an activity sheet.

Older students could create a Facebook profile for these amazing people. There is an editable worksheet on this site - <http://freeology.com/graphicorgs/faux-facebook-profile-worksheet/>
